Commissioner of Patents and Trademarks

The amendment filed on 7/15/02 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). Since applicant has received an action on the merits for the originally presented invention of claims 1-2, this invention has been constructively elected by original presentation for prosecution on the merits. See 37 CFR 1.142(b) and MPEP § 821.03. The newly presented claims are not readable on the elected invention because the new claims are drawn to methods that are independent/separate inventions from the originally presented claims. The newly presented independent claim 3 is drawn to a method that comprises distinct steps from the originally presented claims and produce distinct results. Furthermore, it is noted that applicants filed formal drawings through facsimile in Paper #18 on 7/15/02. Proper filing of formal drawings is requested.

Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.

Papers related to this application may be submitted to Technical Center 1600 by facsimile transmission. Papers should be faxed to Technical Center 1600 via the PTO Fax Center located in Crystal Mall 1. The faxing of such papers must conform with the notices published in the Official Gazette, 1096 OG 30 (November 15, 1988), 1156 OG 61 (November 16, 1993), and 1157 OG 94 (December 28, 1993)(See 37 CFR § 1.6(d)). The CM1 Fax Center number is either (703) 308-4242 or (703)305-3014.
